CALL FOR PROPOSALS 2018

Post-Doctoral Researchers

Closing date: 15/06/2018 at noon metropolitan time, FRANCE

The LabEx CORAIL 'Coral Reefs in the Face of Global Change', is a French Centre of Excellence that unites **9 institutions** and **4 universities** from France and its overseas territories. The objective of this consortium is to establish a French centre of excellence for the study of coral reefs that is globally recognised for having a strong collective publication record in top scientific journals.

The 2018 LabEx CORAIL Call for Proposals is now open. We offer 3 Post-Doctoral Researcher positions. All contracts are for a duration of 18-months and must begin before 1 January 2019. The Post-Doctoral positions come with a salary of 2,100€ net per month, with an additional 2 500€ in financial support. Significant international experience is required.

To respond to the offer, it is imperative that applicants make contact with a LabEx CORAIL research partner, as a member of the LabEx must sponsor all LabEx applications.

You will find information concerning the different aspects of the LabEx research projects on our website, <http://www.labex-corail.fr>.
